My Everything – Ariana Grande

I cried enough tears to see my own reflection in them And then it was clear I can't deny, I really miss him

To think that I was wrong
I guess you don't know what you got 'til it's gone
Pain is just a consequence of love
I'm sayin' sorry for the sake of us

He wasn't my everything 'til we were nothing
And it's taking me a lot to say
But now that he's gone, my heart is missing something
So it's time I push my pride away
'Cause you are
You are
You are my everything
You are
You are
You are my everything

I know you're not far but
I still can't handle all the distance
You're travelling with my heart
I hope this is a temporary feeling
'Cause it's too much to bear
Without you and I know sorry ain't the cure
If I cross your mind just know I'm yours
'Cause what we got is worth fighting for
'Cause you are

You weren't my everything 'til we were nothing And it's taking me a lot to say Now that you're gone, my heart is missing something So it's time I push my pride away

You are, you are my everything

You are, you are my everything

You are, you are, you are You are, you are my everything
