

# Be Alright – Ariana Grande

Midnight shadows  
When finding love is a battle  
But daylight is so close  
So don't you worry 'bout a thing

We're gonna be alright [3x]  
We're gonna be alright  
We're gonna be alright

Baby, don't you know  
All them tears gon' come and go  
Baby, you just gotta make up your mind  
That every little thing is gonna be alright  
Baby, don't you know  
All them tears gon' come and go  
Baby, you just gotta make up your mind  
We decide it

We're gonna be alright [3x]  
We're gonna be alright  
We're gonna be alright

In slow motion  
Can't seem to get where we're going  
But the hard times are golden  
Cause they all lead to better days

We're gonna be alright [3x]  
We're gonna be alright  
We're gonna be alright

Baby, don't you know  
All them tears gon' come and go  
Baby, you just gotta make up your mind  
That every little thing is gonna be alright  
Baby, don't you know

All them tears gon' come and go  
Baby, you just gotta make up your mind  
We decide it

We're gonna be alright  
We're gonna be alright (ooh, baby!)  
We're gonna be alright  
We're gonna be alright, yeah
